Hi Carrie – Just following up on this. ITSD informs me that they are deploying an update this evening that should hopefully address the issue.

Emily,

Please see the below email from Angelica O'Neill at OLI. She is also experiencing incorrect scoring on the EPDS form.

Thanks,  
Carrie

<https://apps1.mo.gov/Alternatives/ClientForms/PostnatalDepression.aspx>

I entered the responses to the EPDS, which stated she scored a 6 on the screen at the bottom of the screen, but then notice the message in the yellow highlighted area, it states she scored a 22. This is not correct. I didn't notice it on the other EPDS I entered so you might want to check other client files.
